A RARE GEM WITH LOCAL CHARM

An ideal location that is sufficiently thriving in becoming the most rare-to-find beachfront landmark in Pattaya. With only 90 minutes drive from Bangkok and only under 25 minutes away from U-Tapao airport in Rayong, Baan Amphur will also welcome the newest high speed railway which will take only under an hour of journey from Bangkok.

Moreover, with its well-reserved abundant natural surroundings, there are also several imminent development projects such as Baan Amphur coastline and its community development, as well as a mega luxury department store project is under way. This has marked Baan Amphur as the newest hub that all roads will lead to.

Discovering one of the most unique spot on shore, situated on a private beachfront of Baan Amphur bay, Pattaya. Explore the exotic fisherman's village and the mangrove forest where ecosystem still remains untouched.

Experience the privilege of neighbouring with friendly local community, breathing in & out of the fresh air, captivating the unique local culture moments and receiving daily heartwarming smiles.

An ultimate hideout lifestyle with plentiful of memorable activities that fills with a true essence of "Estuary" living.

A THOUGHTFUL DESIGNED JEWEL

Carefully crafted estate with top-quality materials that enhance the authenticity of local surroundings by holding highest regard to the divine beauty of existing nature and to the residents' most comfort.

The Design concept and the project name of "The Panota, Estuarial" were both inspired by a thriving ecosystem of the long-stand mangrove forest nearby, where it is a semi-enclosed coastal body of water, which has a free connection with the open sea, and within which seawater is measurably diluted with freshwater derived from land drainage. It is where the lush mangrove forests flourish.

Moreover, the oceanic tides, the beachfront vibe and the fascinating breeze along the shore have become the vital components of the design inspiration within the key idea of "inside out and outside in", which is fusing the authentic beauty of the outside nature along with the inside design concept. This is where "the senses of destination" distinctively radiated.

A woman with long brown hair is lying on her back on a white cushioned lounge chair with a dark wooden frame. She is holding an open book up with both hands, reading it. The chair is on a light-colored stone patio. In the background, there is a clear blue ocean with gentle waves, and further back, a range of green mountains under a bright blue sky with scattered white clouds. The overall scene is peaceful and idyllic.

AN EXCLUSIVE TREASURE

A low-density hideaway where each day's experience unfolds with non-hedtic bliss that privacy & exclusivity accompanied as the vital essences. A home that makes you feel safe and serene, yet, delightful celebration never goes short.

With a strong passion to build 'A True Home For Human' The Panora, Estuaria was inspired to create a place where you will be taken cared by the most attentive professionals, yet, without intruding your private spaces. A hideaway gem that will make you feel nurtured as if you're at home. It is where you can wholeheartedly be at ease to watch your family thrive from generation to generation.

MANGROVE LAGOONS

Hemmed in by the three buildings as a courtyard on the ground level, The Mangrove Lagoons are well-shielded from the heat and surveillance from all the buildings above by the luxuriant and green landscape design. Two of the iconic pools at the Pandora, Estuaria are the Mangroves Lagoons that are divided by a freeform passage in the middle to distinctly underline individual functions with organic inspired design. The lagoons are sheltered underneath lush and abundant mangrove vegetations, which has been hand-picked, planted and reared to perfection, in order to create a luxurious space to cocoon you and loved ones as if relaxing in the garden of Eden. While the shallow lagoon is equipped with fun splash and splash fountains and water slider for our young residents to have a blast and be able to frolic in safety and comfort, the other lagoon was carefully designed for adult residents to be able to float along the water with pure joy and savor gentle breeze lightheartedly.

MANGROVE LAGOONS

SKY POOL CLUBHOUSE & BEACH POOL

An ocean-facing infinity pool on a rooftop of Samuttra building indulges and unwinds you in an exclusive "cliff-like" panoramic vision. Presenting a picturesque scene of Baan Amphur's beach with sailing yachts and Kram Yai island in sight, this spacious pool is like no others.

The Sky Pool offers ultimate privacy for you to relax in a jacuzzi tub, where you can simply watch the world goes by from dusk til dawn, and for those who wish to keep fit, a lap pool concept design with 30 meters length is also ready for use.

Stepping down to the ground level, awaiting for you a flamboyant Clubhouse and a captivating Beach Pool, where the hippest music tunes resonate the tasteful ambience and the most stylish crowds mingle for cocktails and gossips every weekend. Simply, a place to be seen.

VISION & MISSION

Locally established and owned, our company aims to be the leader in the hire purchase business, with policies of full before- and after-sales service delivered on-site. We aspire to promote the well-being of people from all walks of life, regardless of class, addressing our motto: Happiness for every family.

ABOUT US

MIDA was founded in 1991 under the name of "Nakhon Pathom MIDA 1991 Co., Ltd. by Mr. Kamol Eawwikul and Mr. Thareet Dilokaklayawithul, with registered capital of 3 million baht, as an electrical appliance sales business.

In 1997, the company shifted to hire purchase sales of electrical appliances, targeting retail middle-to-lower-class clients residing outside the precincts of provincial municipalities across the country. The name of the company has been changed to "Mida Assets Co., Ltd."

In July 2003, the company registered to be listed on the stock market, and increased its registered capital to 520 million baht, with paid-up capital of 500 million baht. In November 2003, the company started selling motorcycles on hire purchase across the country.

In June 2014, the company established a subsidiary, MD Adrenaline (Thailand) Co., Ltd. a creative agency which offers advertising and event organizing services for public and private sectors. In November 2014, "Mida Agency & Development Co., Ltd., a subsidiary firm, founded a new company under the name of Prompt Printing Co., Ltd., offering printing services of various kinds, such as advertisement signage, media, and prints.

In July 2015, "Mida Leasing (Public) Co., Ltd. (a company's subsidiary) registered a new company under the name of Mida Asset Management Co., Ltd., which offers asset management services, especially non-performing assets transferred from financial institutes.

By 2017, our company has 99 branches, including 1 headquarters, 1 central warehouse, and 97 branches operating hire purchase services in 50 provinces, with 1 foreign branch. Most of the company's branches are in the central and northeastern regions of Thailand.

TEKA CONSTRUCTION

TEKA Construction Public Company Limited (TEKA) is a construction company that offers a full range of services for the construction of large-scale buildings such as office buildings, educational buildings, shopping centers, hotels, industrial buildings and residential buildings, particularly condominiums.

TEKA is currently serving as a project's main contractor, and is directly and totally accountable to project owners. Construction may be carried out on its own in certain scopes, while subcontractors may be hired to execute concurrently in other scopes, whether structural works, architectural works, or mechanical and electrical works. TEKA has the professional and highly skilled team of engineers in charge closely monitoring and supervising all operational processes to ensure that our construction services are completed with accuracy, high quality, and on schedule as per the terms of the agreement.

N7A ARCHITECTS

Founded in 2008, N7A is an architectural practice based in Bangkok, Thailand. The name of N7A is derived from homograph technique between Thai and English alphabets holding a meaning of "interval" - to reveal the hidden phenomena of things through architectural space and form as our philosophy and our main concept of design strategies.

We are committed to creating an architecture which stimulates and inspires; an architecture that tells story of place, of interval, of institutional and individual aspiration and of synergy between the natural and built realms.

Over years, the contemporary meaning of tropical architecture and sustainable design has evolved, and we have remained in the forefront of that dialogue.

NEXT ENGINEERING DESIGN

Next Engineering Design Co., Ltd. has been established in 2016 by a group of expert engineers in each engineering sectorsuch as Mechanical, Electrical, Fire Protection and Sanitary for MEP design services.

Our company mainly focus on a quality design with our MEP design technology and experiences will significantly improve overall design efficiency. This includes in reducing initial construction cost as well as reducing the system conflicts that lead to more cost and schedule overruns during construction.

The company now is focusing on providing one stop MEP engineering service for the client until project finished to ensure the greatest project success.

LANDSCAPE TECTONIX

Established in 2009, TECTONIX is an internationally -recognized and award-winning landscape design studio based in Bangkok, Thailand. Our design philosophy always aim to define a sense of place, to create the harmony between human and nature and to enhance the quality of life.

The firm currently operates with 6 studios employing 60 professionals as multi-disciplinary team who deeply share their own talent and professional experiences with strong passion in design.

We are now working with the international hotel operators and leading real estate developers for the projects throughout Asia-Pacific region from Thailand, China, India, Malaysia, Cambodia, etc.

TULA ARCHITECTS

TULA ARCHITECT is an architecture design studio focusing on high-rise buildings, large buildings, hotel condominiums, etc. The studio also studies real estate investment and development. The studio's design guidelines focus on an integration of geographical features and quality of living of building users, in accordance with tropical architecture design guidelines.

TULA ARCHITECT was founded in Bangkok in 2002 as a small design studio and has been trusted by Thailand's leading real estate developers to design and develop many real estate projects.

THE MAP IS NOT THE TERRITORY

The Map has thrived in recent years from the two founders, architect-turned-designers, who established The Embassy of Design Territory, a one-stop-service creative design firm that has shaped creative directions in exhibition and event organizing in Thailand for the past 20 years. While mostly stays behind the scene, their works are their forefront guarantors of the trust and achievements given by clients and partners.

The Map specializes in guiding entrepreneurs to move one-step forward beyond the potential of their brands, to explore the new territories and to communicate effectively with the most creative approach in this perilous journey.
